

Outstanding Student Leader Award

MO YIN YI

Associate of Science in Information Systems Development

Yin Yi is a student who is fascinated by computer science. She has paid enormous efforts in her studies and achieved a cumulative grade point average of 3.72, earning placement on the President's List. In the summer, she participated in a study tour "Technology Tour in Osaka 2019" which was a wonderful experience for her. "Japan is a technologically advanced country and the Maishima Plant has broadened my horizons," said Yin Yi. As proof of her leadership qualities, she was chosen to be one of the organisers of the Orientation Camp, from which she learnt the importance of co-operation with teammates. Acting as the chief mentor, she also helps to assist the Year 1 students to adapt to college life.
