The use of

VIRTUAL TECHNOLOGY

in Enhancing teaching-learning process

Online + Offline Seminar

Start at

Friday,
24 March 2023
2:00 p.m - 4:00 p.m
Room KCB-215

Brief description

This workshop is a sharing on the use of virtual technology in tourism related courses.

The speaker will share the teaching experience, observations and challenges based on some examples of VR and AR platform development in teaching projects in the past few years.

Virtual Reality (VR) & Augmented Reality (AR)
